IAG DELIVERABLE FINAL PLAN FOR PREVENTION OF CONTAMINANT DISPERSION (PPCD)  
AND PPCD RESPONSIVENESS SUMMARY (PPCD-RS) - JMK-0154-92

As required by the Interagency Agreement (IAG), enclosed are the final PPCD and PPCD-RS for transmittal the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH) to meet the IAG delivery date of February 21, 1992. The PPCD and PPCD-RS have been revised to include additional discussion which clarifies points of concern that were identified through the public comment process and suggestions received from EPA and CDH in our December 5, 1991 meeting. Revisions also include a reduction accompanied by supporting technical rationale in the risk-based soil thresholds to address concerns from the public, EPA and CDH for emissions resulting from multiple-simultaneous intrusive activities.

We are prepared to deliver eight copies of each document to the agencies as soon as we receive your official transmittal letter.

If you have any questions or concerns regarding this transmittal, please contact D M Smith of the Remediation Programs Division at extension 5958.
